

FLIGHT LEVELS ACADEMY

Certificate of Completion

Introduction to Flight Levels

Arnd Bochmann

has successfully completed the Introduction to Flight Levels

Participants learn how to recognise the problems facing organisations going through digital and agile transformations. Learn how to spot difficulties in an organisation and how to start tackling them. Attendees also engage with other experienced practitioners and learn from their examples and case studies.

Upon completion, participants understand the foundations of Flight Levels and how it helps create interactions across departments, teams, products, and services.
